

hello!

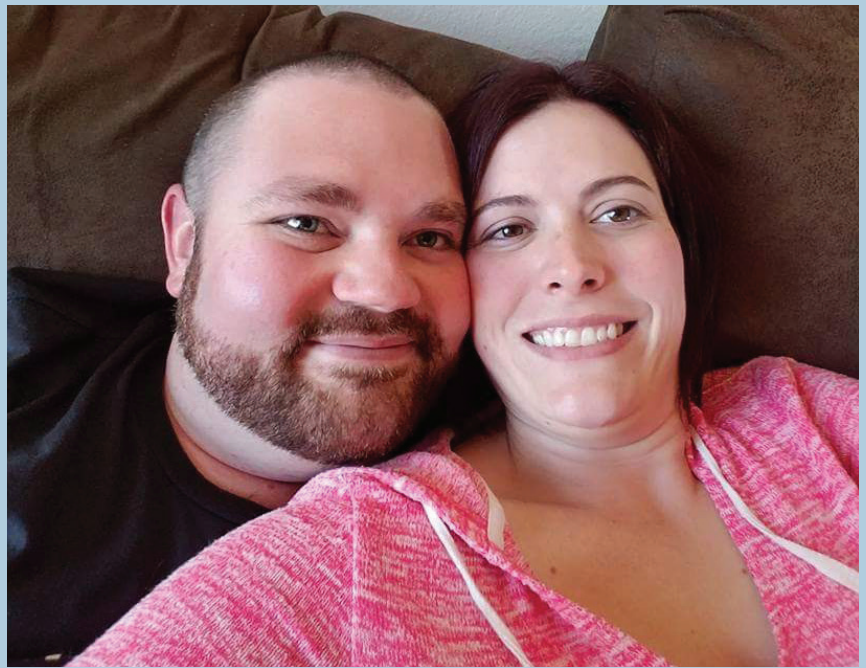

We want to introduce ourselves; **we are Lindsey & Landon.**

We are overjoyed that you have decided to learn a little more about us. We understand this step is not easy and we respect you and the decision you are making for your baby.

About us!

For many years we have struggled with infertility, and through it all, we have always thought adoption will be a part of our destiny. **Our desire is to have an open relationship with you as we are on this path together.** Sharing time with our families and fishing, as well as celebrating holidays and special occasions, have brought us the hope of raising a family.

“...we have always thought adoption will be a part of our destiny.”

We have been married since 2009. Our quirky habits are what make our marriage successful. **Landon loves to make jokes and Lindsey enjoys trying out new recipes.**

Our life together

We started dating when Landon was in the process of building a home. We have spent many wonderful years in this house and have continued to make it our home with improvements and projects. We live in a very quiet subdivision with peaceful pastures beyond our backyard, which bring the occasional hot air balloons! We love having dogs, currently Abby our pug loves to snuggle, go to 'work' in Landon's home office during the day and give us many kisses at night. This year was spent getting some landscaping done around the house as well as some solar projects on the roof. Landon enjoys working with the solar equipment and has installed and maintains the system on our home.

Lindsey

by Landon

Lindsey has always enjoyed being active. The last three years she has participated in a co-ed church softball league playing second base. Fishing has been a huge part of Lindsey's upbringing and taught her that spending time with each other is an important part of being a family. It is a family tradition to fish on the Missouri River at Platte, which Lindsey looks forward to carrying on. Lindsey enjoys cooking and watching different cooking shows. She gets ideas and tries new recipes all the time at home. She loves to volunteer for different activities around the Harrisburg community. Lindsey is well known from her work and volunteering and everyone appreciates what she does!

“Lindsey is so caring and will do anything to make everyone feel at home and comforted.”

Landon

by Lindsey

Landon enjoys Storm Chasing, driving boats at Catfish Bay, as well as his passion for Theatre Tech. He has spent years with each of these hobbies while working full time in Information Technology taking care of server infrastructure for large Sioux Falls companies. Landon is a Curious George personality and is always observing everyone around him. This trait has made Landon very well rounded in troubleshooting, fixing, building and learning new ways to make things such as electronics, computers, vehicles etc. operate better. Landon's nickname has sometimes been "MacGyver" after the TV show for his creative ways of resolving every day items.

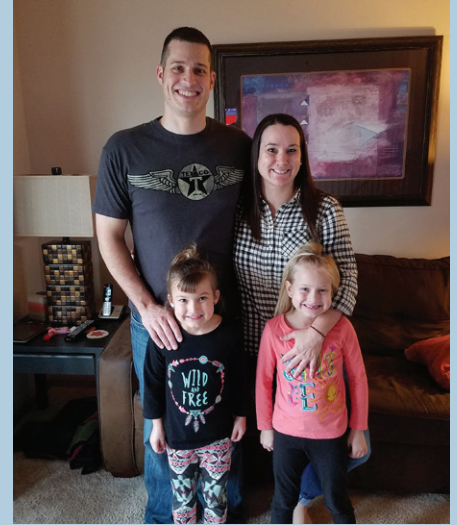

"Landon is a hands-on do it yourself person and is always working to keep the house and vehicles in good working order."

Our Families

Our families both mean so much to us. We enjoy fishing on the river with Lindsey's family, and we enjoy spending time in the hills with Landon's family. Lindsey has one older brother Richard, his wife Kristin, and two daughters. Landon also has one older brother, Justin, his wife Kristin, and two daughters. Both grandparents are retired and live nearby. They are always helping and spending time with us. Lindsey's parents, Ken and Bev, live in the Sioux City area. Landon's parents, Gary and Edee, live in Sioux Falls. *Our family activities have instilled in us a love of spending time together, and our families are extremely supportive of our adoption.* We desire to share this love and joy with a child and create memories as a family.

Thank you!

Thank you for taking the time to read more about us and get to know our family. We are so excited to be on this adoption journey and we can't wait to fill our home with even more happiness, love, and laughter!

**We are privileged that you would consider us.
Thank you for giving hope to families like ours!**

With Love, Landon & Lindsey
